## ❧ Our Greatest Rewards ❧

## A grayscale photograph of a still life arrangement. In the center, a clear glass bottle sits on a light-colored, rectangular block. To the right, a tall, slender glass vase with a flared top stands on a circular base. In the foreground, two cylindrical objects, possibly made of wood or stone, are positioned on the left and right. The background is a plain, light-colored wall. The lighting is soft, creating subtle shadows.
